Training Tuesday

Reusable Content Crash Course

Presented by:

Jordan Zeier – Software Trainer

jzeier@moderncampus.com

Agenda

I. What is Reusable Content in Omni CMS

II. The Three Types of Reusable Content

III. Reusable Content in Action

IV. Checking Under the Hood

What is Reusable Content in Omni CMS?

Omni CMS offers 3 different types of reusable content that can be placed onto pages over and over throughout your site that have a set look and feel.

3

The structure and styling of these items remain consistent wherever they are used, but depending on the type that is used, the content may be different.

The Three Types of Reusable Content

Assets

- When you want to reuse content **and** structure/styling
- Not customizable on page
- Pages update automatically
- Five types:
 - Web Content
 - Plain Text
 - Source Code
 - Form
 - Image Gallery

Snippets

- When you want to reuse structure/styling, **but** keep content unique
- Customizable on page
- Changes to one page won't affect other pages
- Makes it easier to edit complex blocks of content in WYSIWYG

Components

- When you want to reuse structure/styling, **but** keep content unique
- Uses form fields to prompt for content
- Customize content on each page
- Changes to the Component's base code **WILL** be reflected across all pages with the Component
